

Questions about the display agreement written by Lorri Pederson. We should ask Mr. Vickers for his input:

1. Our attorney should see a copy of the document from the government office that states the City can enter into an agreement to allow the American Legion to display the Howitzer on their property.
2. Our agreement with the American Legion should indicate the City will not be responsible for moving expense, foundation construction, Howitzer maintenance, personal liability insurance and any other costs related to its display.
3. Anything else Mr. Vickers notes.

Trust, but verify!
